M. R. A. C. LIBRARY OF 2x2 COLOR SLIDES

We are interested in acquiring a candid slide (828 or 35 mm color) of each club member and his equipment. Mobile, fixed station or SWL layout, any club member is eligible. We have formed a committee to do the work-- W9NLV, W9KZQ, W9RUC, W9YFW, W9CHT, W9VD, W9VQD, and W9FDX.

This will be at no cost to the club. Each member will pay for the cost of his slide and he then contributes it to the library. It becomes club property. All members sign up on a voluntary basis.

We have estimated the cost of color film, flash bulb, mounting and carrying case at approximately 40 to 50 cents a slide. We have set a price of \$1.00 per interested member. Out of this the photographer is paid for his materials (labor gratis), and the balance goes into a fund to purchase a slide projector and miscellaneous 2x2 supplies for the club.

Everyone interested in having a slide in the library will make application by filling out the enclosed card (LC-101) and sending it with one dollar to W9FDX. Once you have subscribed to the library project you can contribute more slides by paying only material cost. Out-of-townners please have a slide made, subtract the material cost and send the balance with info card and slide to W9FDX. We would gladly accept and appreciate any spare slides of Field Day or M.R.A.C. activity which someone might donate to this library.

Periodically the collection of slides will be shown at the club and the Biographical Sketch will be read. This will aid you in becoming better acquainted with your fellow members. We know many of the members by call and voice but not by sight. The slide collection of today will be the feature of the Old Timer's parties of tomorrow.

If you are interested in having a color print made from your slide, then discuss this with the photographer at the time of his work in your home. Arrangements can be made. You may want the photographer to take a couple extra pictures so that you can pick the best one for ur library slide. For each additional "Shot" made the price is 50 cents. The unused slides will be returned to the club member.

Any suggestions or comments welcome, we can also use more volunteers in the photography work.

For identification of participants in group activities, we have a separate card (LC-102) which is filled out by the person contributing that slide.
